CorelDRAW 2020 Graphics Suite Win/Mac

COREL

When we introduced CorelDRAW in 1989, we knew we had something special on our hands. With the first graphics software for the Windows® platform, Corel changed the way people express and share ideas—and users have been trusting their ideas to Corel products ever since.

Over the years, Corel has brought a spirit of innovation to the development of a range of award-winning products that includes graphics, painting, photo, video and office software. We've also earned a reputation for delivering high-quality products that are easy to learn and use, and help people achieve new levels of productivity. But more than that, we've built a relationship with a community of users—now 100 million strong—who have amazed and delighted us with everything they create using our software.

What our users do with our products says more about them than we ever could. That's why we're proud to share their stories and examples of their work on our website and in our communities. We're also inspired by the talent we see in the entries to our design contests, and the passion reflected in all the photos, videos and digital art our customers share online.

Today, our products—like our users—are embracing new possibilities. We're releasing more mobile apps, exciting 3D technology and products for new platforms. Plus, we continue to add exciting new capabilities to our popular products to ensure our users always have the quickest path to great results.

Corel's headquarters are in Ottawa, Canada, with major offices in the United States, United Kingdom, Germany, Taiwan, China and Japan. Our products are available around the world through a well-established network of international resellers, retailers, original equipment manufacturers, online providers and on our websites. Corel's product line includes CorelDRAW® Graphics Suite, Painter®, Corel DESIGNER® Technical Suite, PaintShop® Pro, VideoStudio®, WinDVD®, WordPerfect® Office and WinZip®.

One of the things we enjoy most at Corel is getting to know our customers. If you'd like to connect with us, please join our communities, check out our blog or follow us on Twitter. We'd love to hear from you!

CorelDRAW® GRAPHICS SUITE 2020

NEW: CorelDRAW® Graphics Suite 2020

Introducing our fastest, smartest, and most connected graphics suite ever

With impressive AI-powered features, game-changing collaboration* tools, cutting-edge type technology — and so much more — CorelDRAW® Graphics Suite 2020 takes graphic design to a whole new level on Windows or Mac, and on the web.

Break down creative barriers with CorelDRAW® Graphics Suite 2020, your go-to graphic design software for professional vector illustration, layout, photo editing, and more—on Windows, Mac and web. Effortlessly connect with clients and colleagues to gather feedback on your designs with CorelDRAW.app™. Now stakeholders can collaborate, annotate and comment directly on your CorelDRAW file—and you can say goodbye to implementing changes from separate sources.

Take advantage of a streamlined design experience with one-click image enhancements that leverage the latest in machine learning, and experience AI-assisted PowerTRACE™, taking bitmap-to-vector tracing to the next level. Make a bold statement with cutting edge variable font support and enhancements to type tools. Move from concept to completion in record time with up to 10x faster performance over our previous version, and enjoy enhancements to your favorite features. For serious productivity and limitless creativity, consider it done with CorelDRAW Graphics Suite.

CorelDRAW® Graphics Suite 2020 - CorelSure Maintenance

Available as an add-on to ESD purchases with the following conditions: 1 Year (1st year SKU) is only available to be sold along with CDGS 2020 ESD (i.e. not a standalone product) at time of purchase, or within 30 days after purchase date. To be eligible for renewal, an existing (not expired) Upgrade Protection Program (now renamed CorelSure Maintenance) is required.

Earn €200 cashback when you buy qualifying CorelDRAW® Graphics Suite 2020.

Break down creative barriers with CorelDRAW® Graphics Suite 2020. Find all the professional vector illustration, layout, photo editing and typography tools you need to create and complete important design projects, from virtually any device.

What's more, you can earn €200 cashback when you purchase qualifying CorelDRAW Graphics Suite 2020, before 30 November 2020.

How to claim

Simply purchase a qualifying version of CorelDRAW Graphics Suite 2020 for Windows or CorelDRAW Graphics Suite 2020 for Mac (full version, Box, Download or Single User License) **by 30th November 2020**. Then:

1. Visit **http://www.coreldraw.com/cashback** to complete and submit the claim form to Corel **no later than 30 November 2020**. You need to include your proof of purchase of CorelDRAW Graphics Suite 2020 (either a receipt or order invoice)
2. You will receive confirmation of receipt of the application form from Corel via e-mail within 10 days.
3. Payment of your cashback will be made via international wire transfer, within a further 28 days.

For more information on the CorelDRAW Graphics Suite 2019 promotion, please visit: http://www.coreldraw.com/cashback
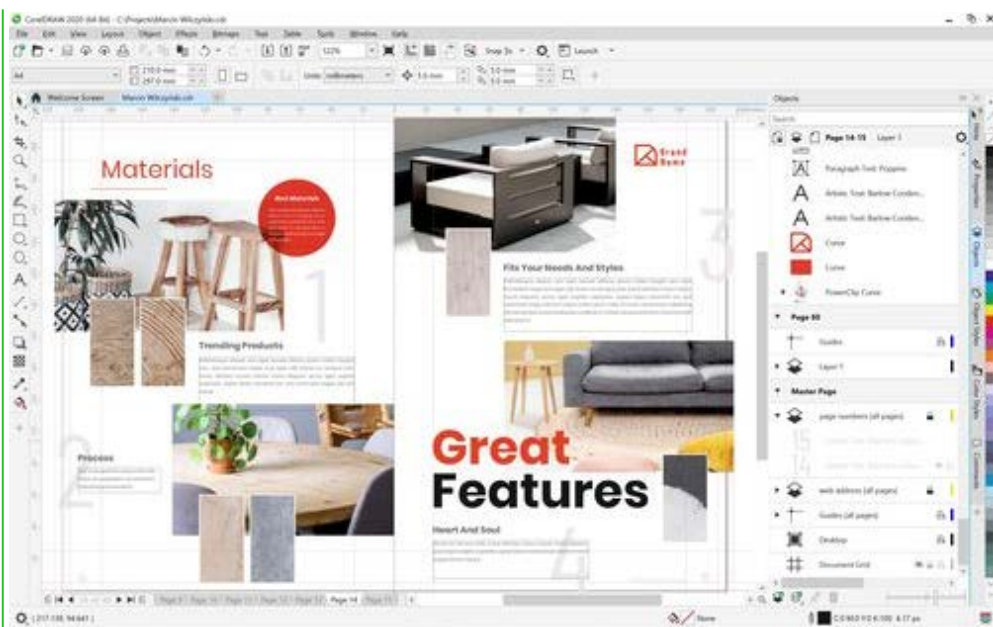

Consider it done

Manage your creative workflow more efficiently with CorelDRAW Graphics Suite 2020, your professional graphic design suite packed with tools for serious productivity. Choose a subscription or add Upgrade Protection to collaborate on important design projects with clients and key stakeholders and get more done less time.

Connect with your creative side

Unleash your creative genius with a comprehensive suite of design applications for vector illustration, layout, photo editing, typography and more. Transform ideas into works of art with unique features that simplify complex workflows and inspire jaw-dropping designs.

Express yourself with confidence

Control your design experience using powerful graphics tools designed for your platform of choice—Windows, Mac or web—along with customization and capabilities that complement the way you work. Design how you want, wherever and whenever it's convenient for you —at work, at home or on the go.

Why choose CorelDRAW Graphics Suite 2020?

Comprehensive

Get a complete suite of professional design applications for vector illustration, layout, photo editing, and more, with a subscription that is a fraction of the cost of comparable competitor software. Designed specifically for your preferred platform, Windows or Mac, you'll find all the tools you need to produce standout web and print visuals. When you want to access your work remotely, show a client a concept, or collaborate on designs, CorelDRAW.app™ keeps you connected. It all comes together with the power and precision of CorelDRAW® Graphics Suite 2020.

Note: Collaboration features are available only through subscription or with an additional purchase plan for perpetual license customers.

Productive

CorelDRAW Graphics Suite 2020 is where passion and productivity connect. Create with absolute efficiency, thanks to a realm of time-saving features built purposefully to speed up your workflow and automate what would otherwise be time-consuming tasks. Collaborate on important design projects with clients and colleagues using CorelDRAW.app to effectively gather feedback from one or many reviewers. Implementing changes couldn't be easier, with stakeholder comments located right in your design file. In a world where performance is increasingly important, CorelDRAW Graphics Suite is your key to delivering more creative projects in less time.

Note: Collaboration features are available only through subscription or with an additional purchase plan for perpetual license customers.
Innovative

Enjoy a totally enriched design experience, thanks to machine learning. CorelDRAW Graphics Suite 2020 leverages artificial intelligence to expand your design capabilities and accelerate workflows. Process images in high gear with AI-powered upsampling and JPEG artifact removal features, and get inventive with new AI-based effects for bitmaps and vectors. Enjoy next-level bitmap-to-vector trace results, made exceptional by machine learned-algorithms. With these meaningful CorelDRAW Graphics

Suite innovations, you'll experience more time for what you love—being creative!
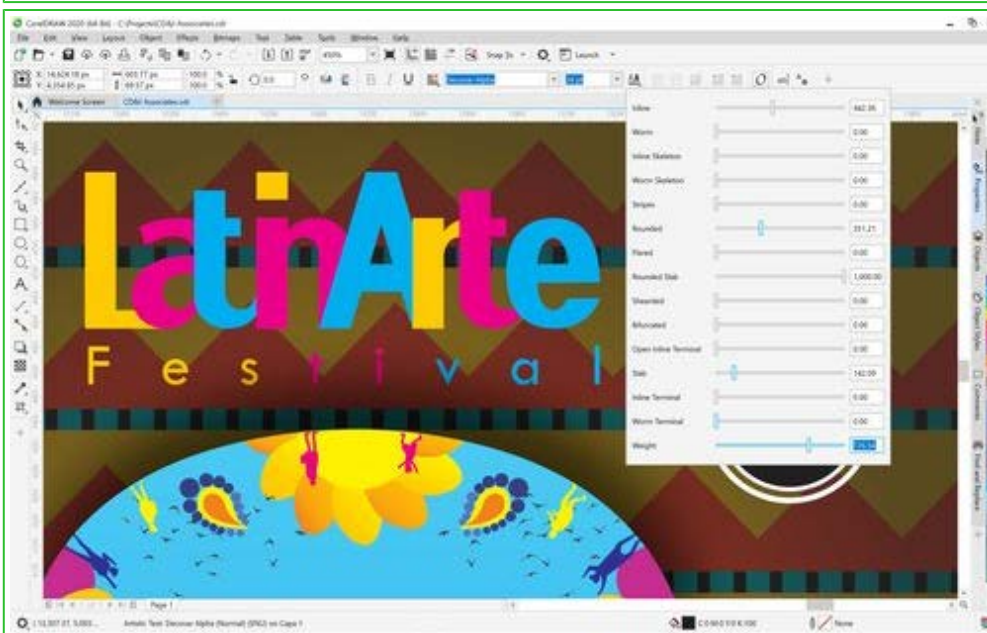

Creative

Take creativity to new levels with CorelDRAW Graphics Suite 2020, packed with professional design tools to evolve your ideas into compelling artwork that will win over any client. Produce unique illustrations, signage, logos, and more, for any type of output. Arrange type beautifully with a powerful set of typography tools, and fine-tune responsively with cutting-edge variable font support. With a number of time-saving creative features you won't find in competitor software, CorelDRAW Graphics Suite is your connection to total design freedom.

Note: Windows 7 and Windows 8.1 do not support variable fonts.

User-friendly

This powerful collection of applications is loaded with intuitive tools, learning materials, and sample files to ensure you can get started easily and be successful sooner. Benefit from a handy Hints docker, which will teach you how to use tools as you select them. Or try one of many high-quality templates to quickly create brochures, posters, social media images, vehicle wraps, and more, without having to start from scratch. Design and lay out multi-page documents in a single application and take advantage of professional photo-editing tools directly integrated into the workflow. With CorelDRAW Graphics Suite, there's no need to jump between three separate applications to create exceptional designs with absolute ease.

Key features

- **Vector illustration**
  Turn basic lines and shapes into complex works of art, and create curves with many versatile shaping and drawing tools.
- **Page layout**
  Find all the tools you need to create layouts for brochures, multi-page documents and more.
- **Photo editing**
  Retouch and enhance your photos with Corel PHOTO-PAINT's powerful layer-based photo editing tools, or use AfterShot 3 HDR to create stunning High Dynamic Range photos from your RAW images.
- **Typography**

Add effects to text like block shadows and contours, fine-tune fonts responsively, fit text to paths, and more, with a complete set of typography tools.

- **Web graphics tools**
  Develop captivating web content with a collection of web graphics tools and presets. Ensure any graphic you export for the web has crisp edges, thanks to a series of pixel-perfect tools.

- **Professional print output**
  Control color consistency across different media and know your colors are accurate before you print.
  With CorelDRAW's powerful color management engine, it's easy to prepare your documents for print.

What's new?

- **NEW!** **Game-changing collaboration tools**
  Connect with clients and colleagues on designs like never before. Share your concepts with your reviewers in the Cloud, inviting them to view, annotate, and comment directly on your CorelDRAW design file using CorelDRAW.app™.

- **ENHANCED!** **Next-level trace results**
  Enjoy exceptional bitmap-to-vector trace results, thanks to the impressive new AI-powered PowerTRACE™. Benefit from advanced imageoptimization options that help improve the quality of a bitmap as you trace it.

- **NEW!** **Cutting-edge variable font support**
  Enjoy unprecedented font flexibility, thanks to variable font support. Interactively experiment with font properties, such as width, weight and slant, to precisely fine-tune the look of text in your designs

- **NEW!** **AI-powered image improvements**
  Improve the size and quality of your images with impressive new AI-powered upsampling and artifact removal features. Enlarge images without losing detail and eliminate noise from highlycompressed JPEG images. Note: Windows 7 and Windows 8.1 do not support variable fonts.

- **NEW!** **AI-based effects for bitmaps and vectors**
  Experiment with new Art Style effects that leverage artificial intelligence to

replicate techniques from popular art movements. Apply these effects to vector and bitmap objects.

- **ENHANCED! Serious performance gains**
  Work more efficiently and achieve better results with a noticeably quicker, more responsive suite of applications. With up to 10x faster performance over our last version, you'll move from concept to completion in record time.
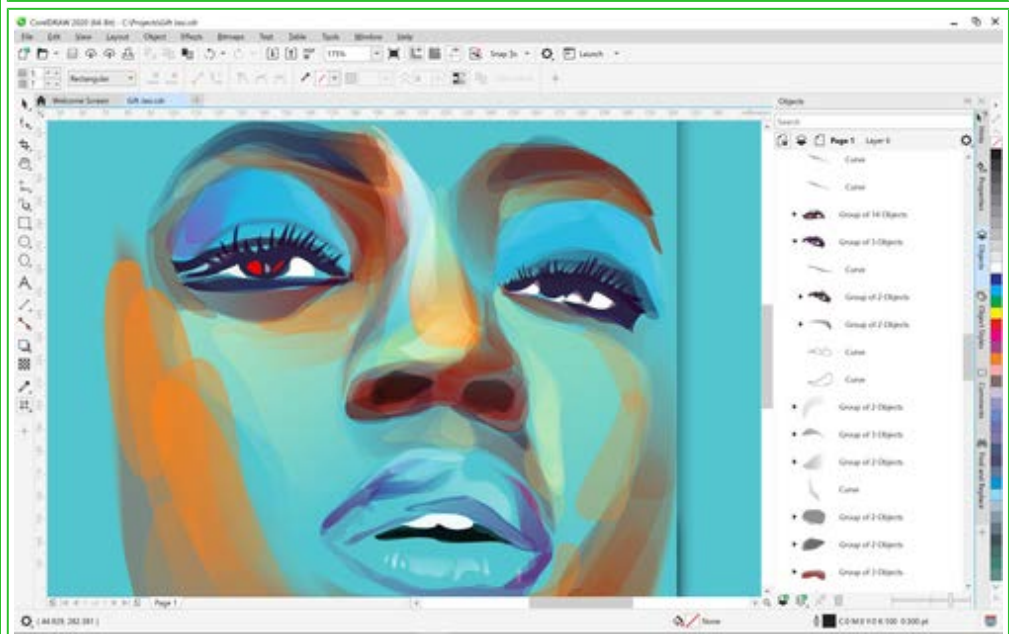

- **NEW! Inner shadow**
  Apply inner shadows to a design element to give it 3D depth and then interactively adjust it on-screen. In a click, the new Inner Shadow tool lets you simulate light falling on objects.
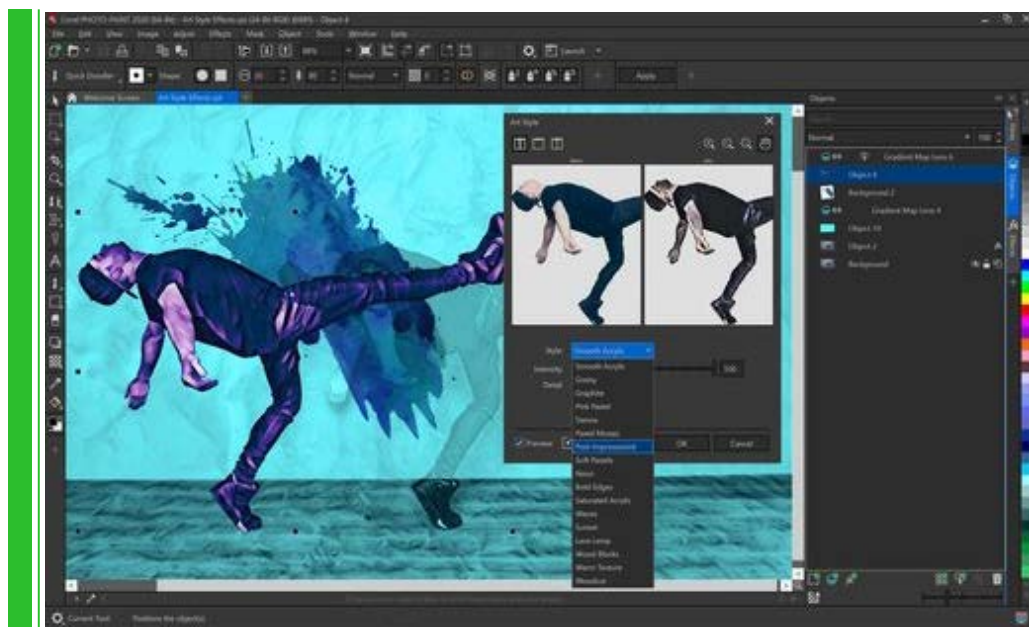

- **ENHANCED! Find and Replace**
  Save time and be more productive with new Find and Replace functionality. Now you can locate common drawing components across multiple pages and update their attributes all at once. Replace fills and outlines at the same time, and say farewell to a once time-consuming workflow with the new ability to find and replace colors in Mesh fills.

- **NEW! Non-destructive effects in Corel PHOTO-PAINT**
  Apply, modify and experiment with effects on an object, all without altering it. Corel PHOTO-PAINT's new Effects docker (Windows) / Effects inspector (Mac) is your hub for non-destructive editing. Push the boundaries of creativity with 100 new lenses that can be applied non-destructively.

CorelDRAW Licensing

When it comes to purchasing software, your organization deserves the flexibility to make the right choice for its needs, which is why we don't believe in a one-size-fits-all approach to licensing. You decide whether to obtain CorelDRAW products as a perpetual license or a subscription.

We offer an easy to understand volume scale and discount regardless of the way you choose to purchase. And when compared to single box purchases, or downloads, CorelDRAW license agreements are not only less expensive, they can provide your business with greater flexibility, and can provide increased security options that make installation and management easier on your IT team, particularly when combined with best-in-class CorelSURE Software Maintenance.

Lease or Purchase – The Choice is Yours

Subscription License

CorelDRAW subscription for volume licenses offers flexible annual payments based on the number of seats needed, providing the lowest up-front costs. The lower annual payment plan and accessible levels ensure your Business is always using the most upto-date version of the products.

Perpetual License Options

Single License
As a perpetual single license user, you only need to pay once for the right to own the software, which can make a real difference to a small business managing its cashflow. However, to stay on the latest annual CorelDRAW release, a new Upgrade Program

(see below) is now available. When adding this program to the license purchase, customers can continue to make a simple annual payment, which ensures they benefit from the lowest available upgrade price whilst enabling them to use the very latest features and technology. Plus, by eliminating the need for purchasing physical boxes of software, companies can gain improved control and compliance across a Corporate network.

NEW Upgrade Program
If you are a small business that requires a single user license, you have the option to add the NEW CorelDRAW Upgrade Program. The CorelDRAW Upgrade program is an affordable way to stay current on all of the latest features. It is an easy-to-own, annual payment plan, which you can add on as an extension to your license, which means that you'll get the latest version of CorelDRAW when it becomes available, as long as your account is active. This annual program ensures you'll be using all the latest product tools and enhancements, as well as have the very latest Windows OS support, at the lowest 'new version' price. You can sign up once and then forget about it. Unlike a subscription model, if you discontinue your Upgrade Program, you are still entitled to own and continue to use the last version of the CorelDRAW product that you purchased.

NEW Enterprise License
A new CorelDRAW Enterprise license is available for businesses that require 5 or more license seats. As a perpetual license it still provides outright ownership rights, but automatically includes CorelSURE Software maintenance, which ensures that your business will always be working on the very latest technology. This comprehensive maintenance cover also provides what you need to succeed by offering support, advanced controls, exclusive offers and more. You can appreciate these benefits immediately and throughout the lifetime of your CorelSURE agreement. The full benefits of CorelSURE Maintenance are explained overleaf.

Volume Discount Levels
Licensing for CorelDRAW products begins at one seat and scales from there. Plus through our various contracts and agreements, government agencies and non-profit organizations have access to pricing that does not exceed Enterprise License Level 3 (251+ seats).

A Promise to Your Team's Future

The CorelSURE Software Maintenance program is designed to ensure you the greatest possible return on your CorelDRAW Enterprise license, while minimizing your risk. CorelSURE provides the support, resources, and peace of mind employees need to do exceptional work and produce extraordinary results.

What you get with CorelSURE

- **Up-to-the-minute upgrades**
  CorelSURE guarantees you access to new upgrades of CorelDRAW products the moment they're live - so your team will always be working with the most powerful, secure and current set of tools.

- **Discounting and price protection**
  Growth and expansion are hallmarks of a company's success. Your software shouldn't penalize you for them — and with CorelSURE, it won't. Cumulative license discounts are included with your membership meaning your organization will benefit from further cost savings if additional licenses need to be added later on.

- **Centralized control & compliance**
  CorelSURE gives you control over your software distribution and activity. Your IT administrator has the flexibility to provision, track and deploy the software based on your organization's security requirements, plus with a single key you can install multiple copies, enabling a smoother, faster, centralized deployment.

- **Version flexibility**

You don't need to have the latest version of your software to enjoy the benefits of CorelSURE. CorelSURE allows you to license the previous version of your CorelDRAW product and upgrade gradually.

- **Global licensing and language support**
  CorelSURE makes it easy for your business to respond to the demands of a global marketplace and workforce. You can request any available language you need, and your benefits will be extended to all licenses you acquire during your coverage period, without additional cost or effort.

- **Platform virtualization**
  With the help of common virtualization technologies, CorelDRAW products support desktop virtualization as part of CorelSure software maintenance. This offers you additional flexibility in deployment.

- **Quick start launch guidance**
  New deployments executed correctly mean fewer issues downstream, so with CorelSURE, you'll receive a dedicated team guiding you step-by-step through the launch process, setting you up for problem-free success from the get-go.

- **Invite-only opportunities**
  With CorelSURE, you'll have access to exclusive webinars, training sessions, events and more, led by internal experts and real-world power users who can help you develop your skills, build your network and maximize your software's potential.

Licensing Options – The Choice is Yours

	Single-User Perpetual License	Subscription	Enterprise Perpetual License

Exclusive invite-only opportunities			✓

What's included:

Main Applications

- **CorelDRAW® 2020** – Vector illustration and page layout
- **PHOTO-PAINT® 2020** – Image editing
- **Corel Font Manager™ 2020** – Font Exploration and management tool
- **PowerTRACE™** – Bitmap-to-vector tracing (included as part of CorelDRAW application)
- **CorelDRAW.app™** – online graphic design via web browser

CAPTURE™ – Screen capture tool
- **AfterShot™ 3 HDR*** – RAW photo editor

Content

- 7,000 clipart, digital images, and vehicle wrap templates
- 1,000 high-resolution digital photos
- Over 1,000 TrueType and/or OpenType fonts
- 150 professionally designed templates
- Over 600 fountain, vector and bitmap fills

Documentation

- Quick Start Guide
- Quick Reference card
- Online Help files

Training

- Online training videos
- "Hints" docker
- Discovery files accessible through "Get Started" in the Welcome screen

System Requirements

Windows

- Windows 10*, Windows 8.1 or Windows 7, in 64-bit or 32-bit**, all with latest Updates and Service Packs
- Intel Core i3/5/7/9 or AMD Ryzen 3/5/7/9/Threadripper, EPYC
- OpenCL 1.2 capable video card (recommended)
- 4 GB RAM
- 4 GB hard disk space
- Multi-touch screen, mouse or tablet
- 1280 x 720 screen resolution at 100% (96 dpi)
- Microsoft Internet Explorer 11 or higher
- Microsoft.NET Framework 4.7.2
- Internet connection is required to install and authenticate CorelDRAW Graphics Suite and access some of the included software components, online features and content. For more information, please visit www.coreldraw.com .

*CorelDRAW Graphics Suite 2020 supports Windows 10, version 1903, 1909 and later versions which may be released during the lifecycle of CorelDRAW Graphics Suite 2020. Variable fonts are supported on Windows 10 only.
**Features that use AI (Artificial Intelligence) require 64-bit applications. AI features are not supported in CorelDRAW Graphics Suite 32-bit applications.

Mac

- macOS Catalina (10.15), 10.14 or 10.13, with the latest revision
- Multicore Intel processor with 64-bit support (4 logical cores or more)
- OpenCL 1.2 capable video card (recommended)
- 4 GB RAM (8 GB RAM or more recommended)
- 4 GB hard disk space for application files (Solid-state drive recommended); Case-sensitive file systems are not supported
- 1280 x 800 screen resolution (1920 x 1080 recommended)
- Mouse or tablet

Internet connection is required to install and authenticate CorelDRAW Graphics Suite and access some of the included software components, online features and content. For more information, please visit www.coreldraw.com .
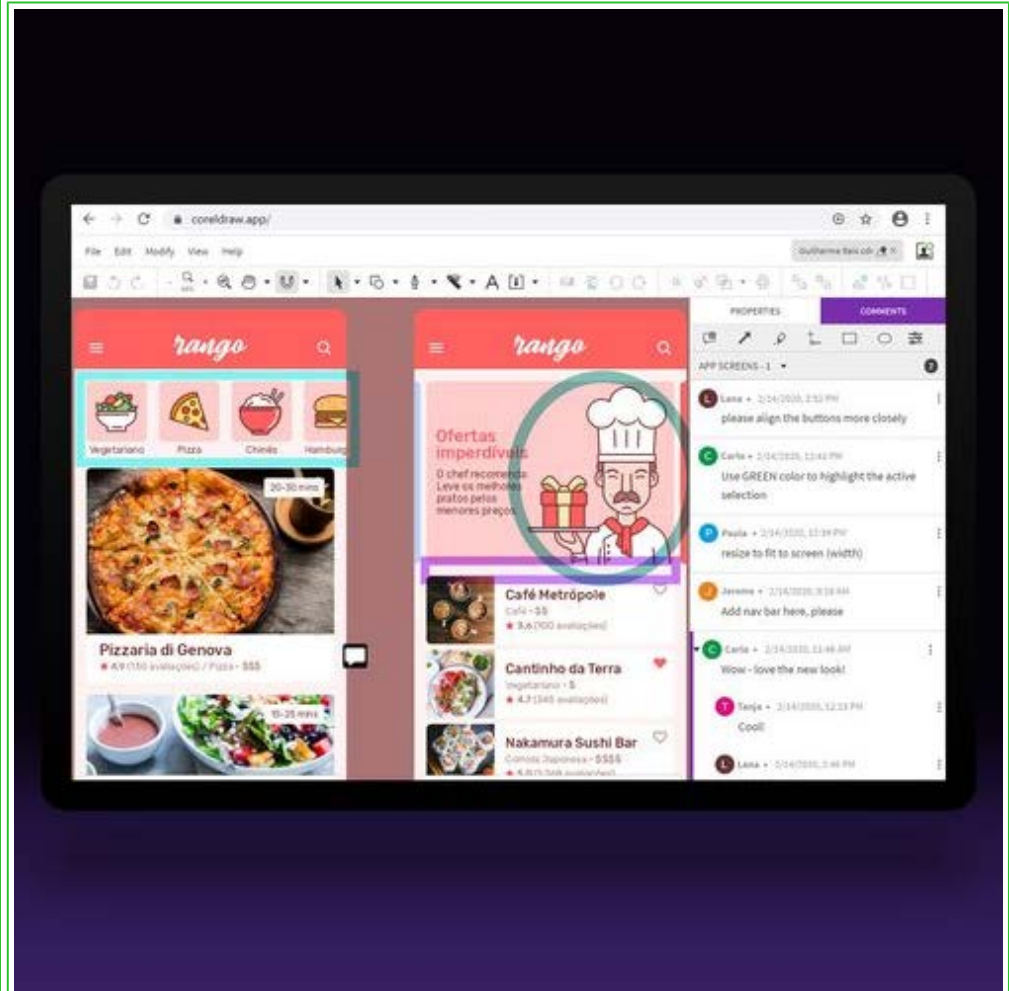

Corel has made the following changes:

- CorelDRAW's 365-day subscription offering now includes more features in order to differentiate and better serve our customers who want a premium product (given stated customer preferences for subscription vs. perpetual)

- Customers who need flexibility and the ability to expand the functionality of perpetual products will now be able to with the introduction of add-on modules, beginning with Collaboration, powered by CorelDRAW.app
    - The **CorelDraw.app Collaboration Add-On** module allows users to gather feedback from colleagues and clients and make design changes in a shared cloud environment, enabling faster reviews, fewer errors, and increased output.
    - This module is included automatically with CorelDRAW annual subscriptions and for CorelDRAW Enterprise customers with current CorelSure Maintenance.
    - Customers who choose to purchase CorelDRAW perpetual licenses (ESD or Business) may add-on the Collaboration module for an additional fee.

- Corel will discontinue the ability to purchase Upgrade Protection Program (UPP) for new Single User Business license sales to simplify and streamline our maintenance offering for our Partners and customers. Going forward, Corel will offer a single maintenance option for all perpetual Business customers; **CorelSure Maintenance**.
    - Customers who have previously purchased UPP within the last 12 months will be migrated to CorelSure maintenance.
    - New CorelDRAW Enterprise license purchases will still automatically include CorelSure Maintenance for the first year.
