CorelDRAW Essentials 2020 Win10

When we introduced CorelDRAW in 1989, we knew we had something special on our hands. With the first graphics software for the Windows® platform, Corel changed the way people express and share ideas—and users have been trusting their ideas to Corel products ever since.

Over the years, Corel has brought a spirit of innovation to the development of a range of award-winning products that includes graphics, painting, photo, video and office software. We've also earned a reputation for delivering high-quality products that are easy to learn and use, and help people achieve new levels of productivity. But more than that, we've built a relationship with a community of users—now 100 million strong—who have amazed and delighted us with everything they create using our software.

What our users do with our products says more about them than we ever could. That's why we're proud to share their stories and examples of their work on our website and in our communities. We're also inspired by the talent we see in the entries to our design contests, and the passion reflected in all the photos, videos and digital art our customers share online.

Today, our products—like our users—are embracing new possibilities. We're releasing more mobile apps, exciting 3D technology and products for new platforms. Plus, we continue to add exciting new capabilities to our popular products to ensure our users always have the quickest path to great results.

Corel's headquarters are in Ottawa, Canada, with major offices in the United States, United Kingdom, Germany, Taiwan, China and Japan. Our products are available around the world through a well-established network of international resellers, retailers, original equipment manufacturers, online providers and on our websites. Corel's product line includes CorelDRAW® Graphics Suite, Painter®, Corel DESIGNER® Technical Suite, PaintShop® Pro, VideoStudio®, WinDVD®, WordPerfect® Office and WinZip®.

One of the things we enjoy most at Corel is getting to know our customers. If you'd like to connect with us, please join our communities, check out our blog or follow us on Twitter. We'd love to hear from you!

CorelDRAW Essentials 2020:

advanced offering for small or home business users and hobbyists with features including:

CorelDRAW Essentials 2020 feature set:

- External file format support for GIF, JPG, PNG, BMP, CPT, CPX, CMX, FILL, and TXT only
- Powerful multi-page layout and typography features
- Selection of vector shape and editing tools
- Bitmap and photo support directly within CorelDRAW
- Multiple bitmap effects
- RGB color support
- Fills, transparencies, patterns and gradients
- Duplexing wizard
- Image rendering limited to 150 DPI

Fun, affordable graphic design

Whether you're just starting out or you dabble in graphic design, CorelDRAW® Essentials 2020 is the toolkit you need to create gorgeous graphics with ease. This value-rich vector illustration software is your answer to creating posters, cards, calendars, social media images, and more, quickly and with total confidence.

Easy to learn

Getting started with CorelDRAW Essentials is easy and producing captivating designs is too! Ensure you're successful right from the start by exploring helpful discovery files. Grow your confidence while you design with a handy Hints docker that teaches you how to use tools as you select them.

Much more than a basic graphics app

Turn your passion into eye-catching graphics with more creative control than you'll get with one-click design applications. You can rely on CorelDRAW Essentials to add your unique touch without the constraints of template-based graphics software alternatives.

LEARN MORE

Corel has made the following changes:

- CorelDRAW's 365-day subscription offering now includes more features in order to differentiate and better serve our customers who want a premium product (given stated customer preferences for subscription vs. perpetual)
- Customers who need flexibility and the ability to expand the functionality of perpetual products will now be able to with the introduction of add-on modules, beginning with Collaboration, powered by CorelDRAW.app
 - The **CorelDraw.app Collaboration Add-On** module allows users to gather feedback from colleagues and clients and make design changes in a shared cloud environment, enabling faster reviews, fewer errors, and increased output.
 - This module is included automatically with CorelDRAW annual subscriptions and for CorelDRAW Enterprise customers with current CorelSure Maintenance.
 - Customers who choose to purchase CorelDRAW perpetual licenses (ESD or Business) may add-on the Collaboration module for an additional fee.
- **Corel will discontinue the ability to purchase Upgrade Protection Program (UPP) for new Single User Business license sales to simplify and streamline our maintenance offering for our Partners and customers.** Going forward, Corel will offer a single maintenance option for all perpetual Business customers;
CorelSure Maintenance.
 - Customers who have previously purchased UPP within the last 12 months will be migrated to CorelSure maintenance.
 - New CorelDRAW Enterprise license purchases will still automatically include CorelSure Maintenance for the first year.

System Requirements

Windows

- Windows 10* in 32-bit or 64-bit, all with latest Updates and Service Packs
- Intel Core i3/5/7/9 or AMD Ryzen 3/5/7/9/Threadripper, EPYC
- OpenCL 1.2 capable video card (recommended)
- 4 GB RAM
- 4 GB hard disk space
- Multi-touch screen, mouse or tablet
- 1280 x 720 screen resolution at 100% (96 dpi)
- Microsoft Internet Explorer 11 or higher
- Internet connection is required to install and authenticate CoreIDRAW Standard and access some of the included software components and online features.

*CoreIDRAW Essentials 2020 supports Windows 10, version 1903, 1909 and later versions which may be released during the lifecycle of CoreIDRAW Essentials 2020.
