Acronis True Image 2010 Netbook Edition

Netbook and PC Revolutionary Backup Solutions Released!

- ✓ Netbook Backup
- ✓ Windows 7 Support
- ✓ Non-Stop Backup
- ✓ VHD Support

Now you have more options to protect your home PCs with Acronis! Acronis True Image Home 2010 continues to be one of the most wanted backup software on the market. Featuring the Acronis patented disk-imaging and bare metal restore technologies, it provides your computers with round the clock full-system protection, compatibility with Windows 7, and expanded support for virtual hard disks.

As an advanced home PC user, you won't miss out the first and only backup software for your Netbook. Netbook backups require the same level of reliability and flexibility as normal PCs, they also have unique requirements due to the hardware limitations. Acronis True Image Home 2010 Netbook Edition is optimised for Netbooks' screens and unique hardware configuration, easy to use and still powerful!

Backup and recovery with Acronis® True Image Home 2010 Netbook Edition, designed specifically for Netbooks

Acronis® True Image Home 2010 Netbook Edition is a powerful and comprehensive backup and recovery solutions purpose-built for Netbook PCs. Based on Acronis' award-winning patented backup and recovery technologies, the Netbook Edition can assure you that all your important data including images, music, documents and applications are well protected and can easily be recovered in the event of any disaster.

Easy and Fast Backup and Recovery

Acronis® True Image Home 2010 Netbook Edition provides Netbook users with reliable backup and recovery of their operating system, applications, settings and personal files

- **Friendly, Windows®-style User Interface**

From an intuitive graphical interface, you can easily define where, locally or online, and how often to backup a Netbook, based on your needs.

- **Acronis Online Backup™ to a secure location**

Optional Acronis online storage services are available to automatically backup valuable data or files over the internet to a secure location.

- **Specially designed for Netbook Users**

Get optimal backup and recovery performance for Netbook systems. Designed specifically to work on smaller screened Netbook-class systems.

Designed Specifically for Netbooks

Netbook systems are not just small laptops. Netbooks typically use a lower powered processor, have less memory, and smaller displays than traditional laptops. Acronis designed a special full-featured edition of Acronis True Image Home to work specifically on Netbooks. Get the same backup and recovery technology found in other Acronis products, designed to work on smaller, lower powered Netbook systems.

Virtual Hard Disk Support

Convert Acronis' backup images (.tib) into virtual hard disk files(.vhd) and vice versa, providing compatibility for Microsoft Windows 7 backup.

Support for Microsoft Windows 7

Delivers more comprehensive functionality over Microsoft Windows 7 backup capabilities.

Acronis Online Backup™ capability

Optional Acronis online storage services are available to automatically backup valuable data or files over the internet to a secure location.

Powerful Scheduler

Acronis offers a wealth of scheduling options with a calendar view to build schedules and tasks. Suspend and enable tasks, specify dates to run tasks, and copy tasks to new dates.

Core features and technologies

Backup Features

- **Disk Imaging**

Backup and restore the entire system on-the-fly.

- **File Backup**

Backup individual files, folders or file categories.

- **Live Backups**

Keep working right through your backup for maximum convenience.

- **Incremental and differential backups**

Acronis True Image Home 2010 gives you alternatives to performing full backups. You can also choose incremental and differential backup types. Both capture the changes made since the last backup, and with Acronis data compression, both save disk space.

- **Exclude files and folders**

Back up only the data you want in order to save disk space.

- **Image Encryption with AES**

Protect your backup data by encrypting with industry standard security tools.

- **Reserve Backup Copy**

Store multiple copies of the backup in another pre-defined location in a pre-selected format.

System Protection and Ease of Use

- **One-Click Protection**

Create a backup strategy of the system and implement it with just one click.

- **Set&Forget™ Backups**

Configure once and perform backups automatically.

- **Smart Scheduling**

Run backups automatically at preset or elapsed time, when the user is idle, on user log/logout, on system startup/shutdown, or in coordination with other events.

- **Windows®-style interface**

The new, sleek interface of this product works on Windows XP, Vista, and Windows 7 operating systems.

Recovery

- **Restore your entire Netbook within minutes**

- **Restore individual files and folders**

- **Acronis Startup Recovery Manager**

Boot and restore a system without using an additional boot medium.

Acronis® True Image Home 2010
Timeless backup and recovery for your PC

- ✓ Easy and fast backup and recovery to any point in time
- ✓ Secure remote storage with Acronis Online Backup™
- ✓ Backup and restore files, folders, or the entire system in minutes!
